

Pails

If anyone CAN - we CAN!

Pails

Pails are intended for paints, varnishes, wood protection products, adhesives and sealants, other chemical technical products and food. A removable lid with a clamping ring ensures secure closure and easy, near residue-free emptying; the conical shape allows nesting for efficient storage and transport. Type-tested versions for the transport of dangerous goods are available as standard and on request.

The product features of pails „made by Pirlo“ at a glance:

- Body with carrying handle
- Space saving storage due to conical construction
- With lids on, the buckets can be stacked
- High degree of tightness: Overgrip push-on lid with soft PVC seal, circlip or metal clamp closure
- Also available varnished (food safe) inside
- Also available with embossed warning sign
- Customised printing and embossing (lid) possible
- Containers are stackable when properly closed

Diameter [mm]	Minimum height [mm]	Maximum height [mm]
166	155	225 with UN 370 without UN
195	168	243
230	135	345

Zero waste pail and roasting pail (2.5 to 30 l)

- Lid with Zero Waste embossing and clamping ring
- For 2.5 and 3 litres: lid securing with clips and lightweight metal clamping rings
- Roasting pail: lid with 3 mm vent hole - sticker and sealing fluid supplied separately

Filamentbox

- Lid with thermo-/hygrometer

If you have any questions about pails our experts will be happy to help. Special can sizes are possible on request.

Unrestricted suitability for all filling goods cannot be guaranteed; this must be verified by the user through their own preliminary tests. The stated application groups serve solely as a legally based guideline.

Standard sizes							
Nominal capacity in l	Dimension D1 / D2 / H in mm	Quantity per pallet	Hazardous goods certification	Without certification	Outside white	Inside varnished	MOQ (print)
2,5	153/166/155	390	△	○	○	○	3.900
3	153/166/180	390	▲	○	○	○	3.900
5	183/195/208	300	▲	●	○	▲	3.000
5	183/195/218	300	△	○	○	○	3.000
6	183/195/243	300	▲	●	○	○	3.000
