SiCan

If anyone CAN - we CAN!

SiCan

SiCan pails are intended for paints, varnishes, wood protection products, adhesives and sealants, other chemical technical products and food.

The conical design allows empty pails to be nested.

The pail closes without a clamping ring, providing a cost-effective solution where dangerous-goods approval is not required.

The product features of SiCan „made by Pirlo“ at a glance:

- Easy pouring due to thin pail rim
- Excellent sealing values
- Also available with embossed warning sign
- Also available with interior varnish
- Space saving storage due to conical construction
- Customised printing and embossing (lid) possible
- Containers are stackable when properly closed

SiCan +K (DM 166 und 195)

- Stable edge profile
- Plastic carrying handle or metal handle
- Plastic carrying handle: No welding spots inside
- Metal handle: Welding spots are covered by varnish

SiCan (DM 230)

- Only with metal handle

If you have any questions about SiCan our experts will be happy to help. Special can sizes are possible on request.

Unrestricted suitability for all filling goods cannot be guaranteed; this must be verified by the user through their own preliminary tests. The stated application groups serve solely as a legally based guideline.

Standard sizes

Nominal capacity in l	Dimension D1 / D2 / H in mm	Quantity per pallet	SiCan +K		SiCan	MOQ (print)
			Plastic	Metal		
2,5	153/166/155	980	●			3.000
3	153/166/180	980	●			3.000
5	183/195/218	600	●	●		3.000
6	183/195/243	600	○			3.000
7	183/195/283	600	○			3.000
7	217/230/208	330			○	3.000
10	217/230/291	330			●	3.000
11	217/230/325	330			●	3.000
12	217/230/345	240			○	3.000

Diameter [mm]	Minimum height [mm]	Maximum height [mm]
166	155	180
195	168	283
230	175	345

Legend

- = Standard (samples available)
- = Special sizes, samples and minimum quantities on request
- = Stock items (grey) also in smaller quantities available
